MOTION FOR RECONSIDERATION AND CLARIFICATION

Joseph P. McCool (McCool) hereby requests this Honorable Court to vacate its order of April 7, 2003, and quash the Subpoena in a Civil Case for the referenced case number that was issued to McCool. The Court held a hearing on the McCool's Motion to Quash Subpoena without McCool's participation. Plaintiff filed a response to the motion contending he has a substantial need for McCool's testimony in that McCool was intimately involved in the decision-making process which are fact issues at trial. McCool was not provided with an opportunity to respond to Plaintiff's contentions and believes the Plaintiff may have misrepresented the Defendant's hiring and promotional practices. The subpoena was improper since Plaintiff had not shown a substantial need for McCool's testimony prior to issuing the subpoena and has no knowledge of the McCool's knowledge of the fact issues at trial since Plaintiff failed to depose McCool during discovery.
